

COUNCIL

SESSION MONDAY
WHICH LASTED
NINETEEN

Approves Finance
Ordinance with Exception of
Some Changes.

The members of the city council rushed their session of business through the night, and owing to the intense heat in the council chamber, they fixed things so as to adjourn at 11 o'clock. It was 7:30 when President Pro Tem Kuster called the meeting to order and all members but President Roosevelt answered to the roll call.

Nothing of importance was acted upon, the mayor's communication in the financial ordinance being the only thing out of the ordinary which came up. He sent to the council a communication approving the finance ordinance with the exception of a half dozen items contained therein which he enumerated in the communication. His communication follows:

Newark, O., July 31, 1908.
I hereby approve of the appropriation ordinance for the current expense of the city of Newark, Ohio, during the fiscal one-half year ending December 31, 1908, as passed by your

honorable body July 20, 1908, except the following items:

General fund I. A. 5 should be placed in I. B. 2.

General fund I. B. 2 amount is insufficient, should be \$150.

Safety fund 2 C 6 amount is insufficient, should be \$250.

Safety fund 2 D 8 amount is insufficient, should be \$1,000.

Health fund 3 A. As this fund is provided for by statute and ordinance, \$25 should be allowed as asked for by the board of health.

The contingent fund of health fund to be omitted as there is a balance of \$1,000 already in said funds.

That \$25 be placed in C. H. 5 engineers' incidentals.

That \$1,800 be placed in I. H. 6 for judges, registrars and clerks of election.

That 4 A 2 be raised from \$200 to \$275.

That 4 T 2 be raised from \$100 to \$150.

That appropriation for public library out of 4 Z Z Z 1 be changed to 6 A. I. Respectfully submitted,

HERBERT ATHERTON.

Mayor. Mayor Atherton submitted his report for the month of July showing collections as follows:

City cases and licenses—Fines \$26, licenses \$53; other collections \$17. Total city collections \$96.

State cases—\$32. Mayor's fees, city cases, \$9; State cases \$58. Total fees collected \$87. Total collections state and city, \$195.

Councilman Kuster introduced an ordinance to issue notes for \$9,880.16 in anticipation of the collection of special assessments for street improvements which was acted favorably upon.

Ordinance 1910 termed "An assessment ordinance, which was referred to the street committee was held up as the committee submitted a verbal report, instead of a written report. They were instructed to have a written report on the measure at the next meeting.

A resolution by Councilman Kuster to remove the bridges at First, Second, Third and Sixth streets along the canal, the ditch and fill in the width of the street was passed. Councilman Irwin's resolution to remove the scales on Indiana street which was referred to a committee was reported favorably upon and was carried. Adjournment followed.

LETTER

From Wm. J. Bryan May be Placed
in the Hands of Every Voter in
Doubtful States.

Lincoln, Neb., Aug. 4.—A personal letter from Wm. J. Bryan will be placed in the hands of every voter in every doubtful state, if the suggestion of Harvey Garber, national committee man from Ohio, and member of the national executive committee, is followed. Garber sent Edgar B. Schmidt of Dayton, O., to Fairview to suggest the scheme to Bryan today, and later Mr. Bryan declared that he would be willing to write the letters, providing campaign fund will stand the postage. Schmidt left for Chicago to lay his plans before National Chairman Mack.

AERTHQUAKE

Reported to Have Occurred in Algeria
and Feared That Scores Have
Been Killed.

Tangier, Aug. 4.—News of destructive earthquake in the province of Constantine in the northeastern part of Algeria has just reached this city. Details are very meager, information simply being that several towns were destroyed, and no statement regarding loss of life has been received, but it is feared that there have been scores of deaths.

MAKES HIS
THIRD ATTEMPT

Berlin, Aug. 4.—Count Zeppelin started this morning his third attempt to sail his airship for 24 hours without alighting. He made the ascent at Lake Constance. Five hours after the start the big air craft was sighted over Strassburg.

The air ship passed over Mayence at 2 o'clock this afternoon, having maintained a speed of thirty miles an hour for nine hours. At Mayence the ship was pointed in the direction of Metz, from which point Count Zeppelin plans to cross over to Stuttgart and return to Friedrichshafen, where he hopes to arrive at 6 o'clock Wednesday morning. A message dropped from the air ship reported that the rig was running smoothly and the Count was certain of completing his flight successfully.

NEW YORK TO HAVE NATIONAL THEATRE.

MR. WINTHROP AMES

Boston, Mass., Aug. 4.—In the course of an interview on his plans for the New Theater in New York, of which the founders have just appointed him director, Mr. Winthrop Ames expressed the hope to see Ibsen become as popular in time as Shakespeare. Both, he said, were misunderstood until the public were given an opportunity to know them.

He expressed his delight at the widespread interest manifested in the New Theater, and appeared sanguine as to its success. "Americans want a national theater, where they can see the best that the dramatic art of their own country can produce," said he. "It is the intention of the management of the

New Theater to foster this sentiment which is rapidly growing in America, and to present an opportunity to the American playwright such as he has never had before of a preference over the great foreign writers.

"In general the plan to be followed in the New Theater will be patterned after that in the subsidized theaters of Europe, like the famous Comedie Francaise in Paris, and the government supported houses in Berlin and Vienna. Those theaters are devoted to dramatic art, not to the work of developing stars and fostering certain schools. In consequence the repertoire system of plays will be adopted with the result that a great variety of tastes will be appealed to, but always on the score of quality."

MANY PEOPLE
ARE ASTONISHED

AT THE WONDERS BEING DONE.

The Root Juice demonstrations at the City Drug Store is causing much talk here in Newark. The scientist has hundreds of testimonials from people who live in Ohio that were cured by the great remedy. The following letter from Logansport is a fair example: "In the latter part of last winter while the Root Juice people were in Logansport, I heard of many astonishing cures the remedy had made and was making, but I thought it was only talk. Finally one of my neighbors got some of the medicine. She had suffered a long time with her stomach. After she had used the juice about two weeks I could hardly realize that she was the same woman. She had increased wonderfully in flesh, her complexion had cleared up and she was looking better than I had ever seen her and her health continues to remain good. At that time my wife and daughter were sick. My wife's condition was so serious that she was unable to get out of bed without assistance. Her joints were sore, stiff and painful. Her fingers and toes were cramped and almost useless and my daughter was suffering very much with her stomach and back. I got one of the circulars that came with my neighbor's medicine and after reading it over, I said to my wife: 'Mother, you and daughter must have some of that medicine.' She tried to persuade me to leave it alone as they had tried so many things without any benefit, but I drove to town that same day, and bought some of the Root Juice and some of the liniment that is used with it. After using the great medicines a few days, my wife and daughter were out of pain and in a few weeks they were entirely cured and their health is almost perfect now. I want every sick person to know just what the wonderful medicine did in my family. My name is George H. Scott, R. R. No. 4, Logansport, Ind." The scientist claims that Root Juice soon heals and tones the stomach, liver, kidneys and bowels. Many people claim that the first dose of the juice created marked improvement. We are informed that the demonstrations will continue a few days at the City Drug Store. This remedy is sold for one dollar a bottle or three bottles for two dollars and a half.

LAMBDA KAPPA
HANOVER BANQUET

One of the prettiest social events of the season was the Lambda Kappa banquet given Thursday evening at the home of Miss Mary Fleming in Hanover. The beautiful lawn and large piazza were decorated with Japanese lanterns, while the house was resplendent with palms, ferns and cut flowers.

The dining room was especially attractive for there predominated in tasteful decorations the sorority colors purple and lavender. Punch was served during the evening and at a late hour dainty refreshments were served. Dancing was the chosen amusement.

(Continued from Page 1.) of his difficulty. All day Saturday he seemed very much worried and told me that he would have to raise \$800 in order to pay the depositors who were demanding their money. I know he made a desperate effort to secure this money, but I do not know whether he was successful or not. I believe not, though, for he told me at noon that if he could not raise enough money to straighten out matters he would not stay to see it through. I pleaded with him to remain and try to pay what the bank owed, for I was sure that something would turn up whereby he could straighten things out.

"I was not greatly surprised then, when he did not come back Saturday night. He often remains out late at night, but never before did he stay away all night, so I thought something was wrong. However, I hoped that he had only gone out of the city to make an effort to secure the money, but I guess that was a mistake.

"He did not leave any money with me. I had 50 cents in my purse Monday morning, and that is all he left me with to provide for my three children.

"We did not live extravagantly, so we did not use any of the money in our house. I can not imagine what he did with the money. I know of no investments he has made, so I can not account for the money.

"Yes, I have heard some rumors regarding his attentions to another woman, but I did not credit them, nor do I believe them now. I think he merely felt too bad about his trouble to stay and see it through, and departed."

Mrs. Simross granted the above interview at their home on Fourth street, and her three children, all of them bright youngsters, seemed not

NATURE
AND A WOMAN'S WORK

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering.

The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. Bertha Muff, of 515 N.C. St., Louisiana, Mo., writes:

"Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my troubles public.

"For twelve years I had been suffering with the worst form of female ills. During that time I had eleven different physicians without help. No tongue could tell what I suffered, and at times I could hardly walk. About two years ago I wrote Mrs. Pinkham for advice. I followed it, and can truly say that Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice restored health and strength. It is worth mountains of gold to suffering women."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Muff, it will do for other suffering women.

to understand the meaning of the conversation. The oldest boy is nine, and the next one seven, while the youngest is a girl of three years.

In addition to the banking business, Simross transacted considerable business for the foreigners here, such as sending their earnings to the old country, purchasing steamship tickets for parties going back or coming this way, and numerous other little matters which their ignorance of our language and customs made it hard for them to attend to themselves.

It is in this department of the business that there is the greatest difficulty.

NOT WITH THE GIRL.

John Santa, who was a clerk in the Simross bank, received a letter Tuesday noon from the girl with whom Simross is reported to have fled. The letter was postmarked Columbus, but the girl said nothing of Mr. Simross. It is now believed by the foreigners that the two are not together.

culty in learning the amount short. Simross issued receipts in the last three weeks to foreigners aggregating \$500 or \$1,000, which was to be forwarded to different people in different points of Europe. It will be some time before it can be learned whether or not any of this money was absconded.

Augusta Sissca is one of these, he having sent \$299.90 through Mr. Simross to Vasille Saita at Palos, Hungary. He does not know whether the money was sent, and can not learn positively until he hears from Saita or can learn from the New York banking house, through which Simross did business, that the money was forwarded. There are a dozen or more of the foreigners who will rest easy when they learn that their hard earned savings were forwarded according to agreement.

Mr. Simross only last Thursday settled up with a foreign woman in Newark from whom he accepted \$116 in payment for a steamship ticket which was never delivered.

It was in May of this year that he took this money to pay for the passage. He was to send the ticket to the passenger in Hungary, the money being paid by a sister of the passenger, at this end of the route. No word was received from across the water stating that the ticket had been received, and the Newark woman's anxiety became so great that she enlisted the aid of a prominent foreigner, who is a well known business man.

They went to the Simross agency together and the banker was told to make good at once or criminal proceedings would be brought against him. He immediately wrote his check on a local bank for the amount and turned it over to the woman.

Her friend went to another bank and secured a draft which was forwarded to the New York agency of the steamship company, and the ticket was forwarded to the parties across the water.

It is known that Simross tried desperately hard Saturday to borrow money on a note. He asked Ferd Mohlenpah to sign his note for \$800, but was turned down.

It is not known whether he succeeded in getting the money.

The institution of which Simross was the head, is incorporated under the law of the state of Ohio. Several Newark men are among the incorporators, and it is stated that these men will immediately demand that a receiver be appointed to take charge of the company's affairs and fight the claim of John Santa.

The corporation books were the only things removed from the bank after Constable Darnes took possession. These were taken in charge by Dr. A. A. Herrmann and an employee of the postoffice. Constable Darnes secured possession of these books again Tuesday and they are again in the safe.

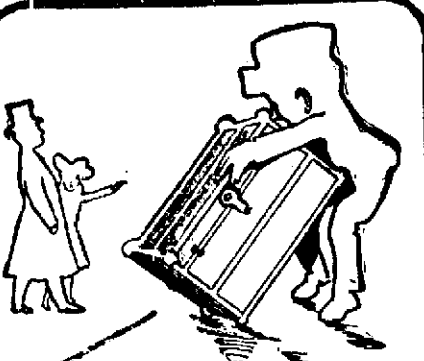

On Friday, July 31, there was filed in the county recorder's office a mortgage from Theodore Simross and wife to Harry Swisher and The Licking County Bank and Trust Company for \$2617.36, given on the south part of lot 630, on the west side of South Fourth street, in Newark. Simross also gave a chattel mortgage on the same parties for the same amount, in which he conveyed to them all the stock and fixtures belonging to the mortgagee in the room under the postoffice, used as the Foreign Exchange bank.

Young Lad Injured.

A young lad named Parker, whose parents reside in the rear of Granville street, near Columbia street, met with an accident Monday night that resulted in very painful injuries. Young Parker, together with several other boys were hanging on the rear end of a plumber's wagon that was being driven along Granville street, when the driver told them to get off. The boys jumped off the wagon and started to run across the street. The Parker boy ran immediately in front of a horse attached to a light buggy, that was being driven by a well known young lady of this city. The boy was knocked down, and one of the rear wheels of the buggy passed over him, but fortunately he escaped without serious injury. Dr. Knauss attended him.

Thinks Mare Stolen.

Chief Ziegler thinks the mare that James Perry was driving when he took Charles W. Orr's buggy at Amsterdam, is stolen, and he is making every effort to prove his claim. Perry has told many conflicting stories since he was arrested, probably the biggest being that his home was at 600 Underwood avenue, Zanesville. This was disproved, as was the story that he worked for a farmer near Hebron. The mare is a light bay and will weigh probably 1150 pounds. She has two white hind feet, is about 12 years old and will stand about 12 hands high. She is in the barn back of the patrol house.

At no time since the year 1892 have prospects for Democratic success been brighter for the entire ticket than this year. Harmony prevails in the ranks of the Democracy throughout the country and Democrats are hopeful. With the factional strife that exists in the Republican party and is each day growing more bitter, Democrats have taken courage and show a determination to win.

Every man who has a desire to free the government from the grip of those men who have for the past twenty years made it a business asset of the corporations that have been seeking and are now enjoying special privileges should vote the Democratic ticket this year. The Democratic platform solemnly pledges the candidates to an administration of all the departments of the government in accordance with the Jeffersonian maxim of "Equal rights to all and special privileges to none."

Clean out the state house! Relieve the people of graft and grafters! Get rid of the Cox-Brown-Guilbert triumvirate. Let us have a governor who will co-operate with the people in an attempt to show to what extent they have been victimized. Honest courts are a necessary accessory to all this. Now is the time for a good house cleaning.

Office holding rings are repugnant to the people of the state. Give us a Democratic legislature that will see to it that corruption in high places is exposed and that the guilty shall be punished and forever driven from power.

A MERE TRIFLE.
(Columbus Post.)
The deficit and falling off of national revenues for the last fiscal year under the Republican administration was only a trifle when you state it this way:
—It was only \$5.80 per minute; \$1736 per hour; \$41,666 per day; \$12,500,000 a month, and \$150,000,000 a year.
Of course the people can well afford to lose the money from the treasury to see the elephant pull the hard wagon.

CASE AFTER CASE.
Plenty More Like This in Newark.
Scores of Newark people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement? Amos Frey, Toledo seven miles east of Newark, O., says: "I have been entirely free from kidney trouble since Doan's Kidney Pills cured me over eleven years ago. Prior to that time I suffered severely from pains through the small of my back and joints which were always aggravated by the least exertion. If I sat in one position for any length of time, my back became so sore that I suffered untold misery. I used several remedies, but the relief obtained was slight and I continued to grow worse until I was in a serious condition. I finally read of Doan's Kidney Pills and as they were highly recommended for complaints similar to mine, I procured a box at Crayton's drug store. They acted just as represented, going directly to the seat of my trouble and ridding me of all pain. I have always highly endorsed Doan's Kidney Pills and deem it a pleasure to do so whenever an opportunity presents itself."

ELECTION BOARD HAS ORGANIZED
The County Board of Elections met in the basement of the court house Monday afternoon and organized by electing Michael Sachs clerk and A. J. Crilly chief. The new board is composed of A. J. Crilly of this city and Fred Baker of Johnstown Democrats, and Thomas H. Montgomery of this city and J. H. Rodgers of Hanover, Republicans. The board contracted with Kinnear & Gager of Columbus, for six new steel boxes, 10 x 18 feet, to hold elections in. The board ordered the clerk to advertise for bids for printing the books, ballots, etc., and discussed the advisability of dividing some of the precincts. The matter was laid over until the next meeting but it is probable that three more precincts will be made.

FORESTS TO BE GROWN ON WORN OUT FARM LANDS
Washington, Aug. 4.—The United States Forest Service has a plan for the utilization of the worn-out farms of the country—a scheme to make them a paying proposition. The idea is simply to plant trees.
An Ohio farmer suggested the scheme. He owns a homestead where farming has been a losing proposition. He has therefore decided to plant the entire tract with trees. Norway spruce has been selected as the tree, and as soon as they are large enough they will be sold for Christmas trees—and, by the way, Christmas trees bring first class prices.
One of the fundamental principles of forest economics, say the experts, is that soil which is not good enough to make the growing of cereal crops profitable, should be devoted to the production of wood crops. This does not mean that trees grow better on poor soil than on fertile soil. But in proportion to the money invested, better returns are secured from trees planted on the less valuable land.
The Ohio farmer mentioned above expects to plant chestnut in the blank spaces left after removal of the first crop of Christmas trees. About the time when the last spruce is cut, it is predicted that the chestnut will be ready for the axe. In addition, catalpa, black locust, elm, boxelder, and sycamore will be planted. All of the trees mentioned are excellent for the purpose: growing well on less fertile land, and furnishing a comparative quick return on the money invested.

BADLY SHOCKED BY LIGHTNING
Mrs. Max Smith, residing on the corner of Elmwood avenue and St. Clair street, was badly shocked by lightning Tuesday afternoon. Mrs. Smith was standing in the middle of a room of her home when there was a blinding flash and she fell to the floor, being picked up unconscious and remaining in that condition for some time. Dr. C. F. Legge was hastily summoned and attended her and while she is suffering greatly from the nervous shock, it is thought that no serious result will follow.

An Economic Reversal.
During the last few years the rates of public service corporations have decreased materially in spite of the increased cost of labor and materials. This result is due directly to increased business and improvements in the various arts involved, but indirectly to the business and financial quality of the men in control. On the other hand, scarcely a week passes that does not bring the news of an increase in rates of some municipal plant, the latest recorded being the municipal water-works of Fort Scott and Girard, Kan. This may be due to bad management or to the original adoption of too low a rate.

Usually when cities take over their utilities the necessary authority from the voters is secured by a promise of rate reduction, and that promise is kept without regard to the ability of the business to stand it. The result is poor service, plant deterioration or increase of taxes. Frequently all of these results follow, with an ultimate return to the rates charged by the corporation that was put out of business because it was "robbing" its customers.

"PSYCHIC CRUELTY."
Chicago, Aug. 4.—"Psychic cruelty" is what is alleged to have forced Charlotte Walker, leading woman in "The Wolf," now playing at the Chicago Opera House, to sue for divorce from her husband, Dr. John B. Haden of Galveston.
Miss Walker states that a rumored engagement between herself and Jas.

K. Hackett has had nothing at all to do with her separation from her husband.
Miss Walker was married to Dr. Haden of Galveston, about 12 years ago. The announcement of the decree came as a great surprise to Texas society, of which both the doctor and the actress are popular members, because the papers were filed in the District court at Galveston and the petition of the plaintiff was granted without contest from the doctor, who merely denied the charges alleging cruel treatment on his part.

BONAPARTE'S ORDER
(Continued from First Page.)
would seriously question its correctness," continued the governor. "He refused an opinion last January, but possibly the campaign issues make a change of mind necessary. Our banking law has many beneficial features. "An active managing officer cannot borrow from his own bank. The State board passes upon the ability, honesty and fitness of every bank officer and removes them if incompetent, reckless or dishonest. "The Bank Board from time to time fixes the maximum rate of interest that may be paid on deposits. The ratio of capital to deposits is subject to regulation. At least four careful examinations are made annually. "There are 497 State banks, all under law, and 4 national banks also under law. "The effect of Bonaparte's decision will continue to increase deposits in secured banks and decrease in unsecured banks, and, judging from numerous statements heretofore made, I believe that many of our national banks will take out State charters. "The present antiquated and inefficient national banking law inspires no confidence in our people and the smaller national banks fully realize that the national banking law operates to the benefit of the large banks only. "Our depositors remember the story of the Walsh bank of Chicago and numerous similar national bank losses, and consider that banking is a semi-public business where depositors have rights as well as stockholders."

ARRANGEMENTS

Have all Been Made for Knights of Pythias Past Chancellors' Convention.

All preparations have been made for the coming Knights of Pythias Past Chancellors' convention to be held Wednesday evening, August 5, in the hall of Newark Lodge. Everything indicates a good attendance and a grand good time. Past Chancellors will be here from all over the district, which is composed of Licking, Muskingum and Guernsey counties. Hon. W. A. Ashbrook, Hon. B. F. McDonald and Mr. C. L. H. Long will deliver addresses. Following is a copy of a letter received by Judge E. M. P. Brister from Mr. J. R. Thompson, of Salem, O. Mr. Thompson was a former well known resident of Newark, and 40 years ago was an employee in Thomas R. Eddy's tin shop, this city. He is now vice president of the large W. H. Mullins company of Salem, O. Mr. Thompson was the first Past Chancellor of Newark Lodge, No. 13, Knights of Pythias, having been initiated into the lodge in January of 1870, 38 years ago.

Salem, O., July 31, 1908.
My Dear Put--It is a number of years since I have seen or had the

pleasure of hearing from you, but I am really glad, even if it is in the shape of a circular letter, as it brings up pleasant memories of old days.

Although it will be impossible for me to be with you next week, nevertheless I am desirous of being enrolled as a member of the Past Chancellors' Association of the Nineteenth District, and enclose you herewith check for \$1.50 in payment of membership fee and one year's dues.

I believe, if you will examine the records, you will find that I am the senior Past Chancellor of Newark Lodge No. 13, and one of the oldest continuous members of the lodge, having been initiated in January, 1870, and kept my membership in Old No. 13 ever since.

Wishing you all a pleasant gathering and hoping that I may have the pleasure of hearing from you frequently, I remain,

Very respectfully,
R. J. THOMPSON.

BABY FOUND

Another one of these peculiar circumstances which are becoming frequent occurred today. A workman, George Zantey on his way to work, early this morning while passing the corner of Pine and Maholm streets, heard a baby cry. Opening a basket he saw on a doorstep, he found a baby about six months old. The residents were out of town, so the baby was turned over to the police, who will try and get it adopted by some family.

ADVOCATE PLANT

Will be One of the Best in the State When Alterations Now in Progress are Completed.

(Ohio State Journal.)

The Newark Advocate is remodeling its offices and will place its press in full view of the public. Many other changes will be made in the front of the building, and when completed according to plans drawn by Architects Howell & Thomas, the structure will be one of the handsomest newspaper offices in the state.

The same architects are preparing plans for a new apartment house in Newark for J. P. Hwin of the B. & O. and a row of stores of reinforced concrete for James K. Hamill. They have let the contract for the new timber and brick garage which Ned L. Reese will erect in East Broad street to the Latham Construction company of Columbus.

PIONEERS

Of Licking County Will Hold Annual Reunion at Hebron on Saturday, August 8th.

The pioneers of Licking county are making great preparations for their annual meeting which will be held this year in Hebron, on Saturday, August 8. County Treasurer C. L. V. Holtz, who is at the head of the committee of arrangements, has secured the Odd Fellows' hall at Hebron which will be used if the weather is inclement. Should the day be fair, however, the pioneers and their friends will hold the meeting in the open air in the shade of the grand old trees in that vicinity. Refreshments will be served by the local Ladies' Aid society and a church choir will furnish delightful music for the occasion. The meeting will be called

to order at 10 o'clock. Special inducements will be offered in the way of prizes to be awarded to the township sending the largest delegation of old pioneers; also for the oldest person attending the meeting.

A number of prominent speakers have agreed to be present and deliver addresses, among whom are Hon. H. J. Booth of Columbus, who was born and brought up in Licking county, Hon. W. A. Ashbrook, of Johnstown, and Mr. M. L. Wilson of Newark, the latter of whom will not only deliver an address, but will read a poem, composed by himself. An interesting time will be had by those attending the meeting.

FARE REDUCED TO BUCKEYE LAKE

Beginning Saturday, August 1, Will D. Harris will run a continual excursion from Newark to Buckeye Lake Park and return, round trip fare 25 cents. Of Fire That Destroyed Barn and Ice House at Homer is a Deep Mystery.

Homer, O., Aug. 1--The large barn and ice house, the property of George Snare, burned to the ground on Saturday evening. The origin of the fire is a mystery. It was first discovered in the barn and spread with such headway that it soon set fire to the ice house. The insurance is not sufficient to cover the loss.

To please Webb and incidentally to pick up a few hard dollars that circulate in Bellville, Richland county the Molders journeyed from Mansfield to that place yesterday and cleaned the map with them to the tune of 14 to 1. The score probably would have been much larger if Eells hadn't ordered his men to strike out.

Webb hails from Bellville and for some time he has wanted to take the Molders up to his home to show the natives how the game is played by a league team. For a long time the people in that town have been pulling for Newark just because Lefty was with the team and so when Eells and Flood struck up an arrangement whereby last Sunday's double header would be played so that Mansfield could go to Loudonville and Newark to Bellville, civic pride stirred the citizens of the town to the core.

They turned out in droves and the Bellville bunch was a mighty sore one for the fair sex insisted on cheering for the Molders. "Cause they are so nice lookin'." Webb was sent in to work for Newark for a while so his old friends could see how he worked, and then Kaler was sent to the slab. He pitched wonderful ball and if Frank Locke - to be believed the Bellville team was pie and Kaler struck out at least thirty-nine men.

The Richland county lads couldn't get a hit to save their lives, although Kaler rolled the ball up on the ground two or three times. They only got their one score when somebody or other hit the ball that was rolling towards him and Abbott and Locke played catch out in the field until the man had scored.

Wratten probably got more fun out of the game than any one else and once when he had been ordered to strike out he hit the ball into the field. He didn't mean to disobey Eells but

he couldn't get away from the ball, then he started to run towards third, then to second and first and when he was coming home he stopped to tie his shoe laces and they threw him out at the plate.

Nobody knows what the score really might have been and no one knows anything about the line that Newark got off of some one or other that pitched the game, so for that reason the score is not given.

THREW STONE AT CMPS.

Lancaster, Aug. 4.—The Lanks made a three straight from the Shoe-makers by winning an interesting game which unexpectedly developed into a pitchers' battle. Mercer was on the firing line for the visitors and twirled a good game. Dooin kept Portsmouth from being the score in the second by being caught off second. Joe Locke twirled a good game for the Lanks and only one man reached third base. He also secured a two bagger. Burke was chased off the lot for disputing a decision, and on the way out of the grounds threw a stone at Headbice. R. H. E. WON ALL FOUR.

Lima, Aug. 4.—Lima made it four straight from Marion Monday, Pickett holding the visitors down to six hits scattered over as many innings. Sensational catches by E. and A. Reilly; were features. Catcher Luskey sustained a broken finger on his right hand. The locals clinched the game in the fourth when two hits and an error followed by Pickett's three base hit, sent Wilmot to the bench. Lima, August 4.—At the close of the 18th week of the Ohio State race, Channell, of Mansfield, leads the league in batting, and Captain Kahl stands fourth. In team batting Mansfield takes first with an average of .253. Marion second with .244. Newark third with .240. Lima fourth with .232. Lancaster fifth with .231 and Portsmouth last with .214.

The batting averages of the Newark players is given as follows:

Team Rapidly Rounding Into Form For Game With Zanesville on Next Sunday.

The famous B. P. O. Elks ball team had a practice yesterday afternoon that was a number, and Manager Newman reports the players all in perfect physical condition. He also states that the pitcher's box will bear watching when they play the Zanesville Elks next Sunday. Christy Mathewson will be entirely outclassed.

Some fast doubles were pulled off yesterday by the fast infield Wingerter, Kinsey, Foley and Newman, and Wingerter had to have his spikes filed off, he covered so much territory. "Gas Well" Kinsey is positive he will let the Zanesville team down without a hit.

The ground keeper has promised to have the diamond thoroughly soaked and a fire hose will be kept on tap so there will be no danger from spontaneous combustion. For this infield is expected to show the speed of the famous "Cannon Ball Express."

Manager Newman has had a big bunch of trouble and worry in selecting the team, there have been so many fast candidates for each position, but he thinks the team as it stands now will carry off the trophy which happens to be the "Y" bridge.

The Zanesville team will arrive at 12:10 p. m., and they will be met at the depot by a forty piece band and escorted to the club rooms, where they will rest up until time for the game, which will start at 2:30 o'clock sharp.

A return date will be played with the Zanesville team.

MOLDERS

Tumble Into Fourth Place—Snyder's Absence Serious Loss Just at This Time.

When Lima won again from Marion yesterday the Molders dropped into fourth place and a mighty wail went up from possibly a dozen people in Newark. Not that the others didn't care, but they are confident that the Eells squad can regain their lost ground.

The loss of Snyder just at this time is a serious blow to the team. Lefty was a mountain of strength both at the bat and in the field, and his enforced retirement on account of the sprained ankle is a big loss.

He is receiving the best of medical attention and is doing all he can to recover as soon as possible, for Lefty loves base ball and plays as only a person can that loves the sport. No chance is too hard for him to attempt and there never was a pitcher that could make him wince when he was at bat.

Hundreds of fans in Newark join with the Advocate in the wish that his injury will yield quickly to attention and that within a few days he will be able to get back in the game again. The Newark outfielder has been a tower of strength all season and many a game they have saved by their quick and accurate work and Lefty is necessary to complete the trio.

The slump of the Molders is only a slight one and they will quickly regain their lost ground, so pull with them and don't get "cold feet" because the boys have dropped into fourth place by a margin of only five points.

MOLDERS HAVE NEW CATCHER

Manager Harry Eells announced this afternoon that he had signed Catcher Charles Rutherford of Homestead, Pa., and he has already joined the team. It is said that Pittsburg was after Rutherford and had about gotten his acceptance of terms but a friend of Manager Eells who was also a friend of Rutherford's, succeeded in inducing the young catcher to sign with Newark. It is claimed that the youngster has a bright future before him. He is 20 years old and weighs 189 pounds. The man who recommended him to the recent manager stated that if the Newark club kept him a year he would be willing to guarantee his sale to a big league club.

BOILERS

In Newark Schools Ordered Repaired
by Inspectors—The School
Board Meets.

A hot weather session of the board
of education was held last evening
and Messrs. Beggs, Haight, Conrad,
and Fulton got up enough nerve to
attend the meeting. As Clerk Keller
was absent through sickness Mr. Haight acted as clerk.

After the usual reading of minutes
and the allowing of bills the matter
of text books was taken up, but as
there were not enough members pres-
ent to act on the matter legally, noth-
ing was done although representatives
from several book houses were pres-
ent.

Miss Alice Conn, a teacher in the
West building, requested leave of ab-
sence for a year and this was granted
her by the board. A letter containing
the resignation of Prof. Cornell
was read and accepted. Prof. Cornell
was recently elected as a teacher of
mathematics in the high school, but
in his letter he stated that he has se-
cured a better position in Nebraska
and for that reason wished to be re-
leased from his contract made with
the local board.

As the board had applied for in-
surance on the boilers in the different
buildings inspectors had been sent
here to "look 'em over." The result
of their inspection was that the boil-
ers in the North Fourth street school
will have to be replaced and the ones
in the old high school will have to be
repaired before insurance will be made
out on them. The ones in the North
Fourth street building have been in
service over thirty years. The matter

was referred to the building commit-
tee with power to act.

The board then adjourned to meet
next Monday night.

Bucklen's Arnica Salve Wins.
Tom More, of Rural Route 1, Coch-
ran, Ga., writes: "I had a bad sore
come on the instep of my foot and
could find nothing that would heal it
until I applied Bucklen's Arnica
Salve. Less than half of a 25 cent
box won the day for me by affecting
a perfect cure." Sold under guaran-
tee at F. D. Hall's drug store.

GRANVILLE

Granville, Aug. 4.—Frank Wilson is
remodeling the rooms on the second
floor of his property and will use
them as a place of business.

Miss Laura Hammond, a charming
young woman of Chillicothe, who has
been visiting relatives and friends
here during the past week, has re-
turned home.

Dr. Hundley, who has been in Mt.
Vernon for some days, has returned
home.

Miss Della Thrall has sold her prop-
erty to the Rev. Mr. Griffiths.

Thomas Harmon has sold his prop-
erty to Miss Della Thrall.

J. B. Norris of Dennison, O., visited
his brother, Joseph, over Sunday.

Odie and Mary Haynes of Granville,
are spending the week with their
grandmother at Pleasantville, O.

Many reports of the recklessness of
drivers of automobiles in whisking
over country roads, has been called
to the attention of the Advocate, and
a strong effort is to be made to pre-
vent it. Monday a well known farm-
er of Granville township, was driv-
ing along the road between the

County Infirmary and Granville with a
big load of hay. When in a very nar-
row portion of the road the honk,
honkety honk from the horn of an
autoist sounded and he drove close to
the edge of a steep embankment in
order to allow the machine to pass.

The driver of the machine never
slackened his speed and struck the
wagon with great force, causing it to
overturn and roll down the embank-
ment with the driver under the hay.
The driver of the machine, it is said,
never stopped to investigate the dam-
age done, but continued on his way.
Fortunately a number of men who
were working in a near by field, wit-
nessed the accident and soon suc-
ceeded in getting the man from under
the hay. He was uninjured.

AUDITORIUM.

Last night was the commencement
of the second week for the talking
pictures at the Auditorium, and they
were greeted by a large house, "Blue
Bonnet," a story of life in the Salva-
tion Army, and the "Blacksmith's
Revenge" are both good subjects. The
dialogue in "Blue Bonnet" makes one
think of good old Uncle Josh in "Old
Homestead." The last half of this
week by special request, "A Race for
Millions," with its exciting automo-
bile and train race, will be repeated
and aside that the program will be
entirely new. This will positively be
the last week for talking pictures.

IDLEWILDE CASINO.

The production of "Under Two
Flags" was that presented by the
White stock company at Idlewilde
park casino last night was one of ex-
ceptional merit. The entire cast was
very evenly balanced and the per-
formance proved conclusively that
this is the best stock company that
has been with us this summer. To-
night the White players will present
"The Tie That Binds."

CHICAGO FIRE

(Continued from Page 1.)
ment that the loop district was saved
from flames.

The heat was terrific, box cars and
small buildings hundreds of feet from
the fire bursting suddenly into flames
as if by spontaneous combustion.

Whole companies of firemen were
prostrated at a time and the slightest
change in the direction of the wind
would have wiped out scores of the
valiant fire fighters.

The men, drenching themselves in
water, crawling with averted faces
through tepid pools, carried their
heavy load of hose through suffocating
smoke and terrible heat close to the
tollering walls of the burning
buildings.

Within an hour after the fire start-
ed the whole railroad yards to the
north of the freight house and el-
evators were in flames.

The yards are half a mile long and
a quarter of a mile wide, and the
southwest wind carried volumes of
smoke and flaming cinders over them,
setting fire to box cars, passenger
coaches, piles of rubbish, the plank
L. roadways, between the tracks and
the roadbed ties.

From Sixteenth street to Twelfth
street viaduct the yards were in
flames, and even the sidewalks of the
viaduct were burning in places.

The fire began with the explosions
in the freight house, supposed to
have been caused by the throwing of
lighted cigarettes among the chemi-
cals destined for a powder factory,
and for over an hour terrific explo-
sions shook the ground every minute.

The freight house extended along
a slip several hundred feet back from
the river, and as the floor of the
dock burned through, the explosions
affected the water in a remarkable
manner. At each explosion, and
sometimes they followed each other
so rapidly that it was impossible to
count them, the water along the dock
shot up in the air as if submarine
mines had been exploded in the slip.

Train service on the Pennsylvania,
Burlington, Rock Island and Chicago
& Alton lines was impeded and all
trains entering the Union Station
were forced to make detours. Street
car traffic also, was held up by
blocks from the fire.

"It is safe to say," said Fire Chief
Horan, "that for two hours Chicago
was at the mercy of fire. For more
than two hours I was in dread that
the conflagration would sweep all
over the city. If the flames had got
to the south we would have had an-
other Chicago fire greater than 1871."

VENTION WEDNESDAY

Col. George W. Crawford of this City
Although Non-committal, May
Receive Nomination.

The Republican Congressional con-
vention will be held Wednesday at 1
o'clock p. m. in New Philadelphia.
Charles W. Montgomery of this city,
will act as chairman of the convention
and Dr. Bertalotte of Wayne county
will act as secretary. The convention
will nominate a candidate to oppose
Congressman W. A. Ashbrook for re-
election. It is understood that Lick-
ing county will present the name of
Col. George W. Crawford, although
Colonel Crawford is non-committal
upon whether or not he will be a can-
didate. Captain E. L. Lybarger of
Coshocton, is also mentioned as a
probable candidate and other names
have been mentioned, but the conven-
tion will either settle on Crawford or
Lybarger. Captain Lybarger recently
declined to be a candidate.

WAREHOUSE

At Johnstown Totally Destroyed by
Fire Last Night—Was Filled
With Straw and Hay.

Johnstown, O., Aug. 4.—The large
warehouse and sheds of Marshal A.
Dresback, were totally destroyed by
fire last night, which is thought to
have come from spontaneous com-
bustion, for hundreds of tons of
baled hay and straw were stored in
the building and shed. The blaze
was discovered about 8:30 o'clock. The
warehouse was a building 40x60 feet
and the shed was 200 feet in length.

The building was formerly owned
by J. A. Pearson and was recently
sold to Mr. Dresback by T. B. Fulton,
assignee of the Pearson estate. Be-
sides the hay and straw, farming im-
plements and stock were also kept
there, but all the stock was saved.
Insurance to the amount of \$1200
was carried on the building and \$300
was carried on the contents.

Shrader & Hursey had \$350 worth
of baled hay stored there which was
fully insured. T. J. Brush also had
hay and straw stored that was valued
at \$200. This was also insured. The
building stood near the T. & O. C.
tracks, on which were two cars of
crushed stone owned by Wilson,
Wells & Stasel of Newark, who have
the contract for building the pike.
The cars were burned.

The flour mill of Simpson & Co. is
situated about 100 feet north of the
burned building and the firemen di-
rected their attention to saving this
building after they saw the ware-
house was doomed.

A CLEAN, COOL SCALP

Parisian Sage Stops All Odors and
Keeps the Scalp Cool and Clean.

Almost everybody nowadays knows
that Parisian Sage, the invigorating
hair restorer, is guaranteed to cure
dandruff, stop falling hair and itching
scalp in two weeks or T. J. Evans
will give you your money back.

But you ought to know more about
this marvelous hair grower. About
you ought to know that in five minutes
after an application, no matter how
hot the weather, your head will be as
cool as a cucumber.

You ought to know also, that it
kills all odors which arise from the
excretions of the scalp, which are par-
ticularly strong in summer time.

Everyone ought to have a bottle of
Parisian Sage on hand, because it is
such a pleasant and exhilarating hair
dressing.

Ladies use it because they know it
makes the hair beautiful, silky and
luxuriant. Here's what a New York
woman writes:

"I have used Parisian Sage two
weeks only, yet in that time I find my
hair has wonderfully increased in
beauty, thickness and luxuriance. But
what surprised me most was the dis-
appearance of all dandruff. It pleases
me to recommend such an efficient
remedy to all my friends. Gratefully
yours, Mrs. Maud Hager, 617 West
13th street, New York City."

Evans' Drug Store, 100 West
Block, sells Parisian Sage at 50 cents
a large bottle, or you can get it direct
by express at the same price, all
charges prepaid, from Groux Mfg.

HOLLAND'S CRACK BATTLESHIP ORDERED TO VENEZUELA

THE BATTLE SHIP JACOB VAN HEEMSKERCK.

The Hague, Aug. 4.—The differences
between Venezuela and the Nether-
lands government, which led to the
departure of their respective diplo-
matic and consular representatives, do
not appear likely to be settled im-
mediately, though there seems no im-
mediate rupture in view.
The government here is about to

send a battle ship to the scene of the
dispute. The Heemskerck received or-
ders to hold herself in readiness to
leave for Curacao.

The Jacob van Heemskerck is one of
the two biggest battle ships belonging
to Holland. She has a displacement
of 5,130 tons and can steam sixteen
knots. Her armament consists of two
9.4-inch and six 5-inch guns, six

12-pound quick firers, &c., and two
torpedo tubes.

The situation between Venezuela
and the Netherlands is acute. M. de
Reus, the Minister of the Netherlands
was expelled by President Castro from
Venezuela on account of a published
communication, in which he was cred-
ited with having declared that Pres-
ident Castro was ruining Venezuela.

"Everything In Summer Merchandise Must Go." Prices to Do the Work

WHAT IS THE AUGUST CLEAN-UP SALE?

OUR AUGUST CLEAN-UP SALE is the sale that disposes of each and every piece, and every yard of summer and staple merchandise that may happen to survive the tremendous low Clearance Sale prices.

The August Clean-Up Sale prices must be and is in every instance far below any Clearance Sale price ever quoted. It is the final, fitting climax bargain price to move quickly all odds, ends, broken sizes and fresh summer merchandise so worthy, stylish and bright, that must be cleared away.

It is the time when profits and losses are forgotten and great general under-pricing of all summer goods reign supreme, without favor to none.

Certainly—the stocks are lower, the varieties in some instances smaller; the sizes in some lines missing—but in many, many cases you will find a beautiful, the choicest quickest-selling piece of Wash Goods with just enough remaining for a dress pattern and the price, of course, far below the clearance price of a few days ago, and so on, throughout the store.

It is the misfortune time for us and the golden harvest time for you to buy for a very small amount of money all the useful and wearables you will need for months to come.

Fall goods have begun to arrive and must have room for display, so it is up to the August Clean-Up Sale to sweep every shelf and counter of every piece of summer wares.

Do a deed of kindness to your neighbors, to your friends, by telling them about our Great August Clean-Up Sale of all summer goods, and do yourself a good turn by coming early and by coming every day and getting a good share of the good bargains that are here for everybody.

THIS SALE BEGAN MONDAY MORNING
